

Des systèmes de portes coulissantes conçus avec précision pour Varia et Chroma – polyvalents, bien conçus. Slide Exposed et Slide Exposed Curve avec de grandes roulettes découvertes offrent un système de montage mural qui coulisse facilement, pour porte seule ou bipartite. Slide concealed, des lambrequins en aluminium anodisé cachent un système de roulettes de grande qualité qui supporte des portes seules, bipartites ou chevauchantes, tant pour un montage mural qu'au plafond.

VUE D'ENSEMBLE DES SOLUTIONS

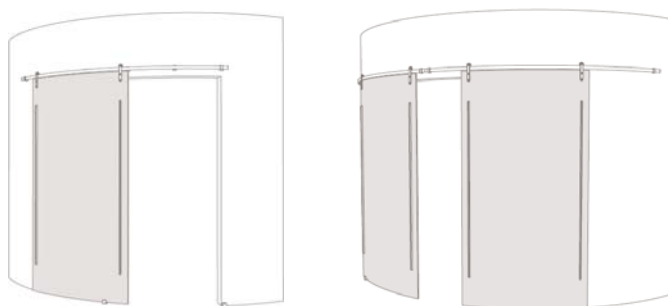

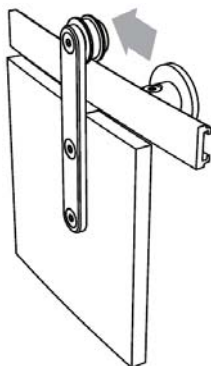

Le système Exposed, Exposed Curve et Concealed sont conçu pour être utilisé avec des matériaux en écorésine Varia et Chroma de 12,7 mm d'épaisseur, pouvant atteindre une surface de 3 m².

SLIDE EXPOSED

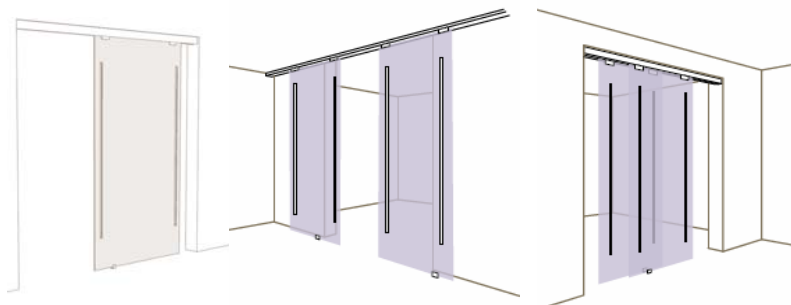

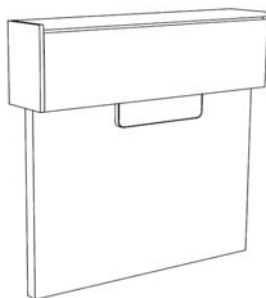

PORTE SEULE OU PORTES DOUBLES BIPARTIE,
MONTAGE MURAL

SLIDE EXPOSED CURVE

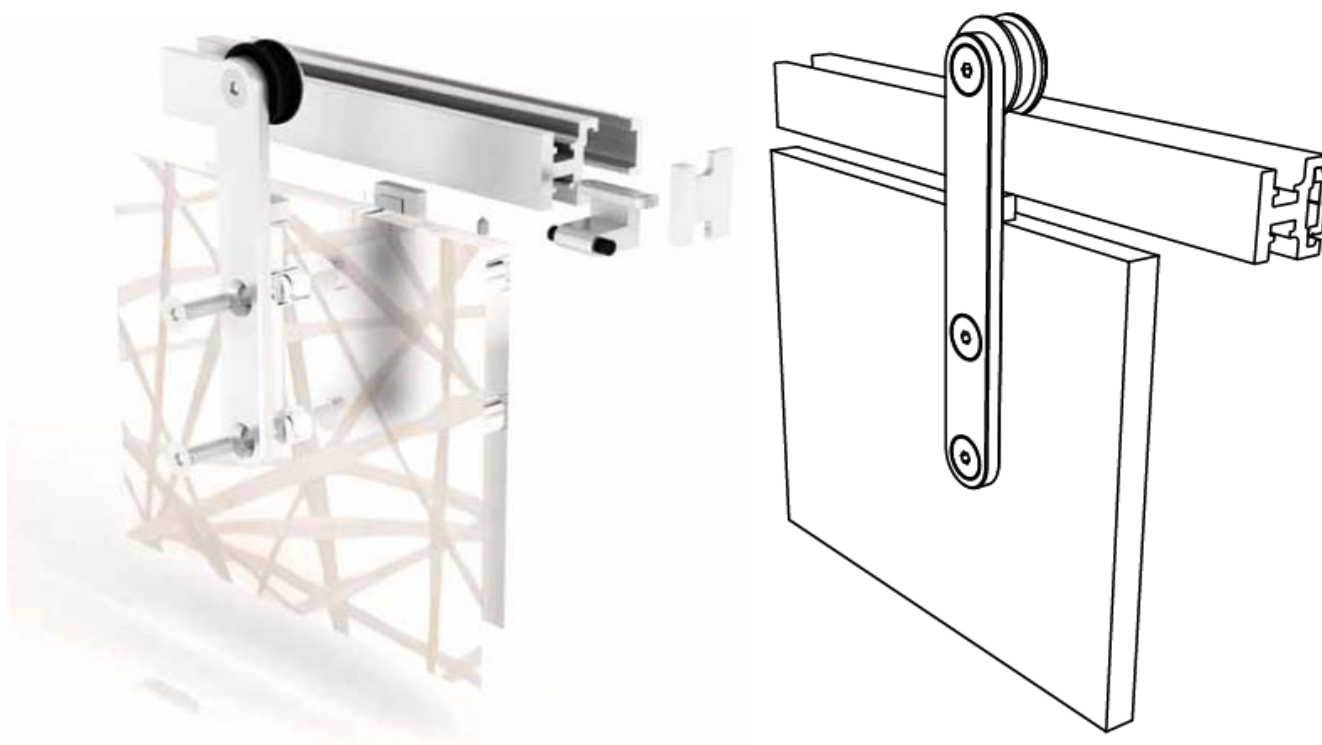

PORTE SEULE OU PORTES DOUBLES BIPARTIE,
MONTAGE MURAL

SLIDE CONCEALED

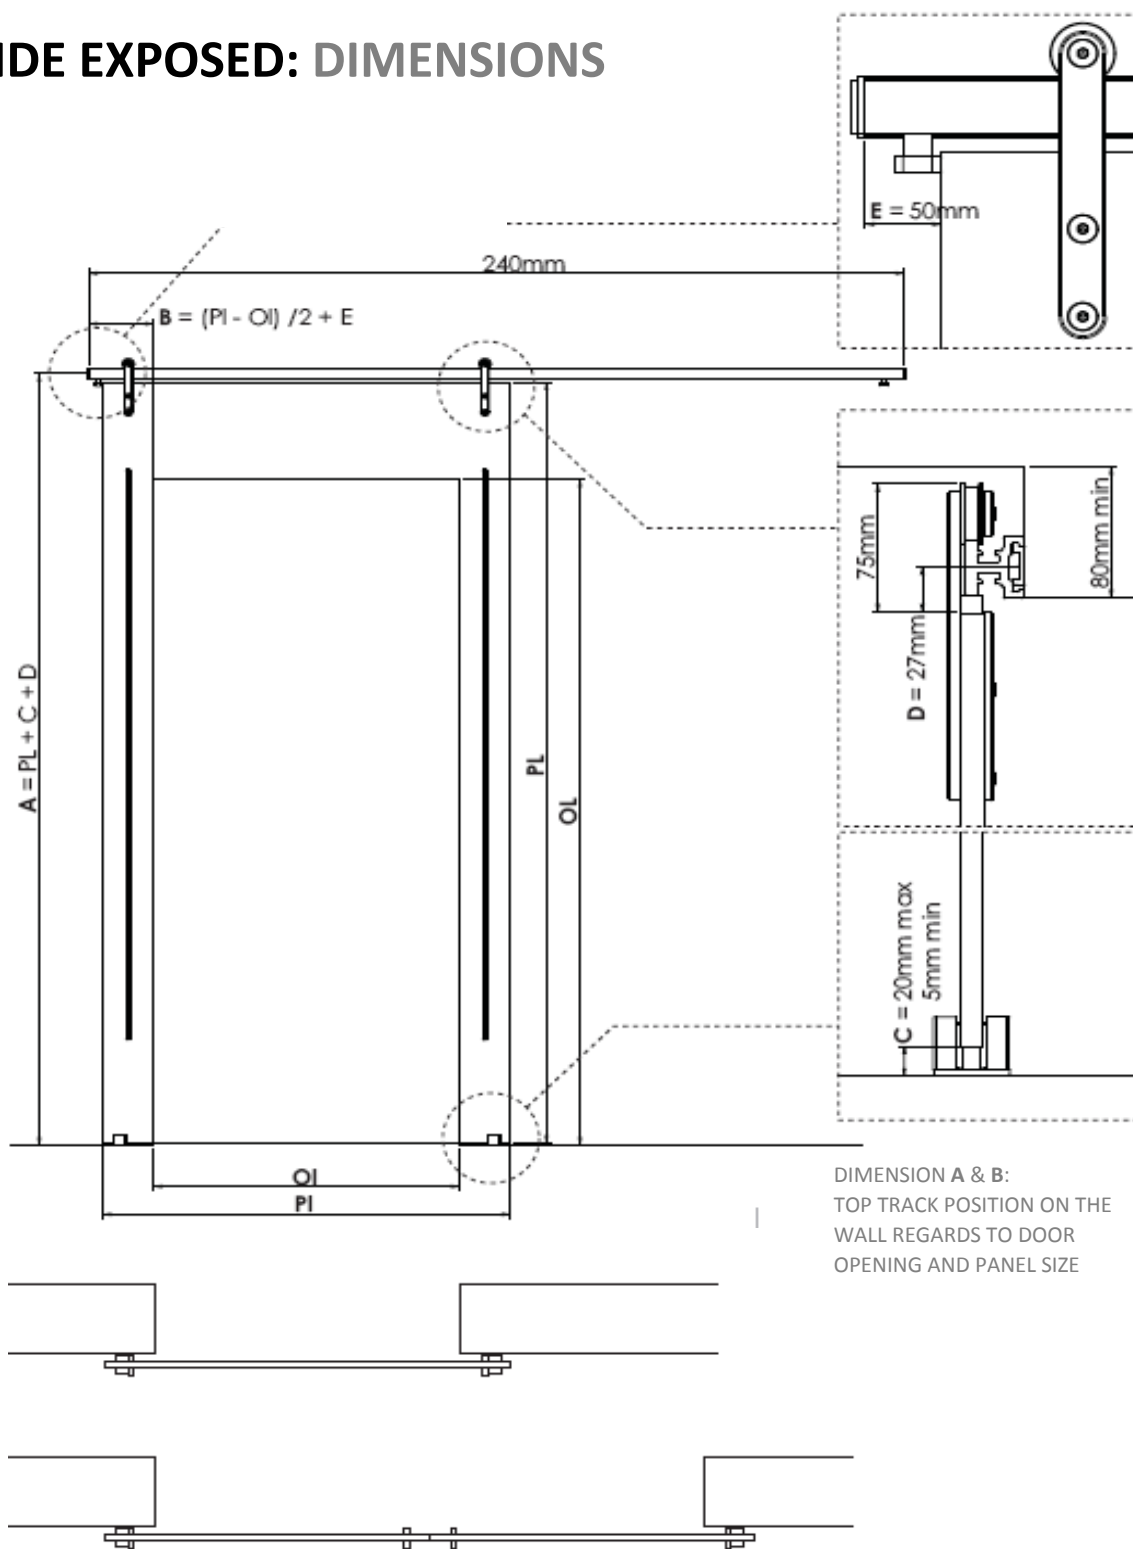

PORTE SEULE, PORTES DOUBLES BIPARTIE, DEUX PORTES
